Cellco Partnership d/b/a Verizon Wireless

**AFFIRMATIVE ACTION PROGRAM
FOR MINORITIES AND WOMEN**

One Verizon Way, Basking Ridge, NJ

Senior Vice President – Human Resources:
Alan Gardner

AAP/EEO Coordinator:
Natasha W. Campbell, Director – HR Compliance

This affirmative action program covers the period from:
January 1, 2017 through December 31, 2017

The Restricted and proprietary information
Contained herein is for use solely by authorized employees of Verizon
and its subsidiaries with a need to know and should not be disclosed to others.

PREFACE

Cellco Partnership d/b/a Verizon Wireless ("Verizon Wireless" or "Company") is committed to equal employment opportunity and takes affirmative action to employ and advance in employment qualified women and minorities. When preparing this Affirmative Action Program (AAP), Verizon Wireless was guided by Executive Order 11246, its implementing regulations, and the Company's established Equal Employment Opportunity/Affirmative Action policy ("EEO/AA Policy"). Nothing in this AAP or its exhibits should be construed as an admission that the Company has contravened any federal, state, or local law.

While the Company disseminates its EEO/AA Policy, communicates its obligation to engage in affirmative action efforts to employ and advance in employment women and minorities, this AAP remains a Company proprietary document. If this AAP is submitted to the Office of Federal Contract Compliance Programs (OFCCP), pursuant to 41 C.F.R. § 60-2.10, it is to be considered confidential and not subject to disclosure, removal from the premises, or copying/reproduction without notifying and providing the Company ample time to contest.

In the preparation of this Affirmative Action Plan ("AAP" or the "Plan"), the terminology in Executive Order 11246 has been used as a guide by the Company. Therefore, the use of such terms as "underutilization," "deficiency," "concentration," "affected class," etc. should not be construed as an admission by Verizon Wireless, in whole or in part, that minorities or women have been or are presently being underutilized, concentrated, or discriminated against in any way by the Company in violation of federal, state, or local fair employment practice laws. Furthermore, nothing contained in this AAP or its supporting data should be construed as an admission by Verizon Wireless, in whole or in part, that it has contravened such federal, state, or local employment practice laws.

This AAP does not constitute an express or implied contract between the Company and its employees, job applicants, or other persons. It does not change in any way the basic at-will employment relationship that all Verizon employees have with the Company. Nothing in this AAP creates a private right of action on behalf of any individual or group against the Company.

INTRODUCTION

Verizon Wireless, a national wireless service provider, is headquartered in Basking Ridge, New Jersey and does business across the country. It is organized both geographically and functionally. It maintains a market-based structure: North East, South East, North Central, South Central, Pacific, and Great Lakes; a Wireless Customer Care Group, and a Wireless Business Sales and Operations Group.

Verizon Wireless is one of the most highly regarded companies in the United States and is known as one of the best, most progressive employers in this country. Simply stated, Verizon Wireless demonstrates the value it places on its employees by providing them with ample opportunities for training and development and a compensation plan that rewards strong performance.

I. ORGANIZATIONAL PROFILE 41 C.F.R. §60-2.11

As one of the diagnostic components of Verizon Wireless' AAP and to comply with applicable regulations, the Company has completed a profile of the workforce at the establishment. The organizational profile is an overview of the staffing patterns at this establishment and is used to determine whether there are areas in the workforce where minorities or women are underrepresented or concentrated. To complete our organizational profile we have elected to follow the Work Force Analysis methodology.

For each appropriate organizational unit we have identified the following: the name of the unit; the job title, gender, race/ethnicity of the supervisor; the total number of male and female incumbents; and the total number of male and female incumbents in each of the racial/ethnic groups.

II. JOB GROUP ANALYSIS 41 C.F.R. §60-2.12 and 41 C.F.R. §60-2.13

As the second diagnostic component of our AAP we have conducted a Job Group Analysis. The Job Group Analysis is the first step in comparing the representation of minorities and women in the workforce covered by this AAP with the estimate of the available qualified minorities and women who could be employed by Verizon Wireless in positions covered by this AAP.

In designing our job groups we considered the following elements:

- Similarity of duties and responsibilities;
- Similarity of compensation; and
- Similarity of opportunities for advancement including training, transfers, promotions, mobility and other career enhancements.

Although not a determinative factor in designing job groups, we also attempted to create job groups that are large enough to conduct appropriate analysis.

III. DETERMINING AVAILABILITY

41 C.F.R. §60-2.14

The availability analysis is a part of the Incumbency vs. Estimated Availability Analysis - the final diagnostic component of this AAP. The purpose of the availability analysis is to establish a benchmark against which the demographic composition of the Company's workforce may be compared to determine whether barriers to equal employment opportunity may exist within particular job groups.

Pursuant to applicable regulations, the availability analysis for each job group examines two potential areas of availability: the percentage of minorities or women with the requisite skills outside the establishment (external availability) and those within the Company who are promotable, transferable and/or trainable (internal availability).

In determining availability, we have selected our reasonable recruitment area and our pool of promotable, transferable, and trainable employees in such a way as not to exclude qualified minorities and women. Moreover, when determining external availability we have used as our source of data the EEO 2006-2010 ACS Tabulation Data set.

Finally, where a job group is composed of different job titles that carry different availability rates, we have calculated a composite availability figure. We arrived at the composite availability figure by determining the proportion of the job group incumbents employed in each job title, weighting the availability for each job title by the proportion of incumbents employed in that title, and adding together the weighted availability estimates.

IV. COMPARISON OF INCUMBENCY AND AVAILABILITY

41 C.F.R. §60-2.15

Verizon Wireless has compared the representation of minorities and women in each job group with their representation among those identified in the availability analysis as available for employment in the job group. Where actual representation was less than the calculated availability, the Company conducted a statistical test using the two standard deviation methodology, to determine whether the difference was greater than could reasonably be expected. This methodology is enumerated among the permitted methodologies for identifying underutilization in the 2000 revision of AAP regulations (165 Fed. Reg. 68021, 68033).

V. PLACEMENT GOALS
41 C.F.R. §60-2.16

As required by applicable regulations, Verizon Wireless has established placement goals where the actual representation of women or minorities in a job group is less than would be reasonably expected based on calculated availability.

In establishing placement goals, we applied the following principles:

1. When the percentage of minorities or women employed in a particular job group is less than would reasonably be expected given their availability percentage in that job group, the Company established a percentage annual placement goal at least equal to the availability figure derived for women or minorities, as appropriate, for that job group.
2. Placement goals are not quotas that must be met, nor are they to be considered as either a ceiling or a floor for the employment of particular groups.
3. In all employment decisions, the Company makes selections in a nondiscriminatory manner. Placement goals do not provide a justification to extend a preference to any individual, select an individual, or adversely affect an individual's employment status, on the basis of that individual's race, color, religion, sex, age, disability, veteran status, or national origin.
4. Placement goals do not create set-asides for specific groups, nor are they intended to achieve proportional representation or equal results.
5. Placement goals are not used to supersede merit selection principles, nor do these placement goals require the Company to hire a person who lacks qualifications to perform the job successfully or hire a less-qualified person in preference to a more-qualified one.
6. The placement goals established in this AAP may reflect the Company's publicly announced permissible preference for American Indians living on or near an Indian reservation.

VI. DESIGNATION OF RESPONSIBILITIES
41 C.F.R. §60-2.17(a)

The Director - HR Compliance ("Director") is responsible for the implementation of equal employment opportunity and this affirmative action program. The Director, as Affirmative Action Compliance Officer, has the authority, resources, support of and access to top management to ensure the effective implementation of equal employment opportunity and this affirmative action program. In carrying out this responsibility, the Affirmative Action Compliance Officer and designated staff will:

A. Duties of the EEO/AA Official

1. Review and update annually the Affirmative Action Program.
2. Develop policy statements, and internal and external modes of communication, including discussions with managers, supervisors and employees to ensure the Company's policies are followed. Exhibit A
3. Oversee regular discussions with local managers, supervisors, and employees to ensure that the Company's policies are being followed.
4. Advise supervisors that their work performance is being evaluated on the basis of their affirmative action efforts and results, as well as other criteria, and that the Company is obligated to prevent harassment of employees placed through affirmative action efforts.
5. Design and implement internal audit and reporting systems that will measure the effectiveness of the Company's Program, indicate the need for remedial action, determine the degree to which the Company's objectives have been attained, determine whether known protected veterans have had the opportunity to participate in all Company-sponsored educational, training, recreational, and social activities, and ensure that each location is in compliance with applicable laws and regulations.
6. Oversee the Company's outreach to minorities and women, and the assessment of the effectiveness of those efforts.
7. Serve as liaison between the Company and enforcement agencies, and between the Company and organizations of and for protected veterans, and encourage active involvement by Company representatives in the community service programs of local organizations of and for protected veterans.
8. Keep management informed of the latest developments in the entire affirmative action area;

9. As necessary, interface with federal, state and local employment enforcement agencies.
10. Coordinate the filing of the annual EEO1 Report.
11. Arrange for career counseling for known employees who are minorities and/or women, where appropriate.
12. Perform periodic audits to ensure that:
 - i. Equal employment opportunity posters are properly displayed;
 - ii. All facilities that the Company maintains for the use and benefit of its employees, including but not limited to, locker rooms, lunch areas, and rest rooms are accessible for disabled individuals;
 - iii. All employees, including minorities and women, are eligible to participate in all company-sponsored educational, training, recreational and social activities.

B. Responsibilities of Managers

The Company has assigned certain responsibilities related to this Affirmative Action Program to managers. Specifically, people managers are responsible for:

1. Communicating the Company's commitment to its EEO policy.
2. Meeting with employees to be certain the Company's policies are followed.
3. Ensuring that minorities and women are given full opportunities for transfers and promotions.
4. Preventing harassment of employees, including minorities and women.

VII. IDENTIFICATION OF PROBLEM AREAS
41 C.F.R. §60-2.17(b)

We conduct in-depth analyses of our total employment process, including the workforce by organizational unit and job group; personnel activity; compensation; and other personnel procedures to determine whether and where impediments to equal employment opportunity exist. This analysis covered the period from January 1, 2015 through December 31, 2015.

The following are the employment processes the Company evaluates:

1. Workforce composition by organizational unit and job group to determine whether there are problems of minority or female utilization or of minority or female distribution;
2. Personnel Activity (applicant flow, hires, terminations, promotions and other personnel actions) to determine whether there are selection disparities;
3. Compensation Systems to determine whether there are gender- race- or ethnicity-based disparities;
4. Selection, recruitment, referral, and other personnel procedures to determine whether they result in disparities in the employment or advancement of minorities or women, and;
5. Technical Phases of Compliance

Our analysis of the technical phases of compliance reveals that the Company fully complies with all the technical phases of its affirmative action obligations:

- A. Equal Employment Opportunity posters are prominently displayed in each Company location.
- B. Verizon Wireless requires that all of their contractors and subcontractors comply with all applicable federal laws and regulations.
- C. Verizon Wireless' on-line employment application has a statement concerning Equal Employment Opportunity.
- E. All recruitment advertising includes the phrase "An Equal Opportunity Employer M/F/Disability/Vet".
- F. All other required affirmative action notices and policy statements are posted on Company bulletin boards and are updated annually.
- G. All personnel and employment records made or kept by the Company are

retained for the required period as mandated by OFCCP regulations.

- H. The Company files annual EEO-1 and Veteran 4212 reports with the appropriate agencies.

VIII. ACTION ORIENTED PROGRAMS
41 C.F.R. §60-2.17(c)

Verizon Wireless has developed and executed action-oriented programs designed to correct any problem areas that may have been identified, as well as, to attain established goals. These programs, listed below, demonstrate our good faith efforts to remove identified barriers, expand employment opportunities, and produce measurable results.

1. Verizon Wireless has analyzed and will continue to analyze all positions and prepare job postings to accurately reflect position functions.
2. Job postings have been and will continue to be reviewed to determine the knowledge, skills, abilities, and other requirements necessary for the adequate performance of every job that is posted. Specifications will not contain any requirements that would result in discrimination on the basis of race, color, religion, sex, age, disability, veteran status, national origin, or other characteristic protected by law.
3. Job postings are available to incumbents and all members of management involved in the recruiting, screening, selection, and promotion process. Job postings are also made available to employees, applicants, and recruiting sources as appropriate.
4. Verizon Wireless has carefully monitored and evaluated the total selection process to ensure the process is free from discrimination.
 - A. All supervisory personnel have been instructed to ensure elimination of bias in all personnel actions in which they are involved.
 - B. Any tests administered by the Company are valid job-related tests.
 - C. Application forms have been reviewed to ensure that all requested information is job-related, and that the forms comply with all applicable laws.
 - D. Verizon Wireless does not and will not use any selection tools or techniques that unlawfully discriminate against minority groups and/or women.

5. Verizon Wireless has evaluated its techniques for successfully recruiting and increasing the flow of qualified minority and women applicants through the following:

- B. Verizon Wireless will partner with the Local State Employment Centers, as well as, job fairs and recruiting programs sponsored by local community colleges and other community organizations.
- C. Local organizations will continue to be contacted for referrals of potential minority and women employees.
- E. Recruitment programs will be planned and implemented whenever openings justify.
- F. Furthermore, to eliminate any underutilization of minorities and women, where placement goals exist as defined by the OFCCP, we will continue to contact universities and two- and four-year local colleges, vocational technical schools, high schools, local business schools, and state and community organizations, which attract qualified minority and women students. We will advise these institutions of our desire to fill job openings in these classifications with minority and female employees. When possible, we will continue to participate in job fair and career day activities and we will consider relevant work experience programs.
- G. We will contact different sources of recruitment and advise them that under the AAP we are specifically seeking to employ minorities and/or women for job openings. During the plan period from January 1, 2017 through December 31, 2017, targeted recruitment activities are planned at the following sources:

- Local State Employment Centers
- Career Builder
- Monster
- Hot Jobs
- Latpro.com
- Telecomcareers.com
- BizJournals.com
- Regionalhelpwanted.com
- Localjobnetwork.com
- National Black Expo Career Fair

6. The following programs have been implemented by Verizon Wireless to ensure that minority and female employees are given equal opportunities for promotion:
 - A. Verizon Wireless provides on-the-job training as necessary to supplement the basic knowledge and skills of employees hired or promoted into a job. A generous tuition reimbursement benefit is also available to all employees.
 - B. Verizon Wireless utilizes formal evaluation programs for all employees, based upon job duties, responsibilities, key Company objectives, and performance.
 - C. Seniority practices are not an area of concern since Verizon Wireless has no formal seniority system. Promotions are based on demonstrated ability, leadership qualities, attitude, aptitude, loyalty, cooperation and other pertinent qualifications.
 - D. Verizon Wireless has an established internal job posting process, which provides notice of available jobs and is used in conjunction with other recruitment methods. The job posting process provides an employee the opportunity to change jobs, transfer, or advance within the Company, regardless of location, based on qualifications.
 - E. Childcare, housing, or transportation is considered as a significant area of concern for minorities and women at Verizon Wireless. Verizon Wireless has implemented dependent care and healthcare reimbursement accounts and also offers a back-up dependent care program. Relocation expense payments are often available to employees who incur such expenses at Company request.
7. Facilities and Company-sponsored activities are desegregated. Minorities and females are encouraged to participate in all activities.
8. Other action oriented program support:
 - A. Verizon Wireless employees serve on various community relations boards and organizations with the Company's support.
 - B. Verizon Wireless and its employees participate in a variety of community support programs and/or organizations such as:
 - National Society of Black Engineers
 - Society of Women Engineers
 - Society of Hispanic Professional Engineers
 - National Black MBA Association

- National Society of Hispanic MBA
 - Domestic violence shelters and awareness programs
 - Women in Computer Science
 - ALPFA National Conference
 - ASCEND National Conference
 - Women in Wireless
- C. Verizon Wireless makes available any of its personnel for lectures promoting women and minorities and diversity in the industry.
- D. Verizon Wireless publicizes the achievements of minority and non-minority, and female and male employees in local and minority news media.
- E. In addition to our regular program of corporate giving, Verizon Wireless regularly honors other requests for donations and services from minority, female and charitable community-oriented organizations. Verizon Wireless and its employees also plan, sponsor, and participate in numerous community-oriented activities and social programs, including the following area programs:
- STEM Program (Science, Technology, Engineering and Math)
 - ISTE (International Society for Technology Education)
 - Thinkfinity.org
 - Domestic Violence Prevention
 - State Department of Labor Recruitment Services
 - National Black MBA Association
 - National Society of Hispanic MBAs
 - National Society of Black Engineers
 - Society of Women Engineers

IX. INTERNAL AUDIT AND REPORTING SYSTEM

41 C.F.R. §60-2.17(d)

Verizon Wireless has developed and implemented an auditing system that periodically measures the effectiveness of its total AAP. The Company views the activities that are listed below as critical to the success of the AAP.

1. The Director - Human Resources Compliance will monitor records of applicant flow, referrals, placements, rejected offers, training, transfers, promotions, terminations, and any layoffs or recalls to ensure that Verizon Wireless' non-discriminatory policy is carried out. Procedures are reviewed and revised as problems are identified.
2. Senior management is and will continue to be informed of any equal employment opportunity, affirmative action, unlawful discrimination or harassment concerns that arise in their respective areas of responsibility to ensure immediate action and

positive results.

3. Verizon Wireless recognizes its responsibility to affirmative action and is committed to fulfilling this responsibility by complying with all government regulations pertaining to equal employment opportunity. A part of this commitment is management's desire to keep abreast of developments in the affirmative action area.
4. Verizon Wireless will report to managers and supervisors the degree to which their goals are attained.
5. Progress on Verizon Wireless' Affirmative Action Plan will be discussed at supervisors' meetings. Relevant information will be communicated to employees during regular departmental meetings.
6. The Director – Human Resources will periodically report to the Executive Director – Human Resources Business Partner at the establishment on the effectiveness of this program and will submit recommendations to improve any unsatisfactory performance if it is present.

X. CONCLUSION

The AAP demonstrates a commitment to equal employment opportunity and affirmative action, and has strong plans to ensure both corporate and employee success.

Through the Company's Affirmative Action Compliance Officer, the Company will continue to communicate its policies, both within the organization and the communities in which we work. The Company's President and Chief Executive Officer affords the Affirmative Action Compliance Officer full authority to take action to implement the plan and to pursue solutions to problems that might impede the progress of this Plan.

At the close of Verizon Wireless' most recent Plan year, an analysis of the composition of the workforce was undertaken. The workforce was analyzed by job group and by department to determine the employment of minorities and women, and to identify if placement goals are indicated when compared to the appropriate available workforce. The Company will continue its outreach efforts and to ensure that all applicants and employees are treated fairly, based on job-related criteria and without regard to race, color, religion, age, gender, national origin, sexual orientation, gender identity and expression, disability, marital status, citizenship status, veteran status, military status or other legally protected classifications. Verizon Wireless does not discriminate on the basis of any protected classification listed above, or other categories protected under federal, state or local law.

Verizon Wireless is mindful of the fact that continued achievements in the area of equal employment opportunity and affirmative action are important. As a result, we have included the action-oriented plans and programs for recruiting, communication, and

reporting, to ensure that our compliance with affirmative action continues in good stead.

Finally, it should be noted that the Company's thorough analysis of its workforce reveals that Verizon Wireless is in full compliance with sex discrimination guidelines and that there is no evidence of discrimination in any form against female employees. As outlined in this AAP, Verizon Wireless is ready and willing to make affirmative action both a commitment and a continued reality.

January 2017

Equal Employment Opportunity/Affirmative Action Policy

POLICY SCOPE

This policy applies to all 100% owned or controlled subsidiaries of Verizon Communications Inc. ("Verizon"). This policy applies to all locations where employees work or represent Verizon, including the workplace, customer and vendor premises, and company-sponsored activities.

POLICY STATEMENT

Verizon's policy is to provide equal employment opportunity ("EEO") to all persons without regard to *race, color, religion, age, gender, sexual orientation, gender identity and expression, national origin, disability, marital status, citizenship status, veteran status, military status or any other legally protected classifications*. Verizon does not discriminate on the basis of any protected classification listed above, or other categories protected under federal, state or local law.

Verizon is committed to a workplace free from unlawful discrimination and harassment and will not tolerate discriminatory or harassing behavior of any kind. This commitment extends beyond that which may be required by law and strives to maintain a work environment totally free from discrimination or harassment. This zero tolerance policy applies to any conduct that has the purpose or effect of creating an intimidating, hostile or offensive work environment.

Prohibited harassment includes verbal, physical or other behavior that denigrates or shows hostility or aversion toward an individual because of that person's *protected classification* (above). Such harassment, and the discriminatory treatment of others based on their protected classification, is unacceptable regardless whether it is instigated by employees or non-employees, including contractors, interns, customers, vendors, suppliers and visitors.

It is also the policy of Verizon to take appropriate Affirmative Action to assure equal opportunity for all applicants and employees. Verizon invites all employees to voluntarily self identify on the basis of race, gender, veteran status or disability.

Verizon will make reasonable accommodations for the physical/mental impairments of employees or applicants if doing so will enable the employee or applicant to perform the essential functions of a position that he/she holds or is seeking, so long as the accommodation would not cause an undue hardship to the business.

It is also the policy of Verizon to reasonably accommodate an employee's or an applicant's religious beliefs, practices and observances, unless doing so results in undue hardship to the Company. However, employees may not impose their religious beliefs on other employees, customers, business suppliers or other stakeholders.

Protection from Retaliation

Verizon prohibits any form of retaliation against applicants or employees for filing a complaint, reporting alleged violations or for cooperating in a Company or government investigation. Committing any act of retaliation alone can be cause for appropriate corrective action, including termination of employment.

RESPONSIBILITY - EEO

All employees are expected to adhere to this policy in their day-to-day working relationships and in carrying out their job responsibilities. Violations of this policy will result in appropriate corrective action. This can include termination of employment for severe violations, even for a first offense. Severe violations may include, but are not limited to, use of offensive racial or ethnic slurs or other abusive or offensive language, or unwanted and inappropriate touching of a sexual nature.

Supervisors/Managers are responsible for ensuring compliance with this policy and for providing a work environment free from any form of discrimination or harassment. Management is also responsible for ensuring that all employees

under their supervision are fully aware of this policy and appropriate complaint procedures (below). Managers who have knowledge of conduct that violates Company policy and fail to take the proper corrective action steps, or who otherwise condone such conduct, will themselves be subject to corrective action up to and including termination of employment. Supervisors/local management must notify Human Resources whenever they become aware of any unlawful discrimination or harassment matters. Human Resources is responsible for consulting with local supervision, conducting an investigation, where appropriate, and recommending corrective action when warranted.

RESPONSIBILITY - Affirmative Action

The Director of HR Compliance has overall responsibility for implementing and measuring the effectiveness of Verizon's Affirmative Action Program. Human Resources is responsible for the coordination and facilitation of this Program with Verizon managers and supervisors. Questions regarding the administration of this Program should be referred to Human Resources. As required by applicable law, the Company's Affirmative Action Program for covered veterans and individuals with disabilities is available for review during regular business hours upon request to Human Resources through the VZ Compliance Guideline at 844-894-8433 or online at www.verizonguideline.com for Verizon employees/applicants. Any inquiries, contacts or documents received from the U.S. Department of Labor's Office of Federal Contract Compliance Programs ("OFCCP") must be immediately referred to Human Resources.

RESPONSIBILITY - Accommodations

Employees or applicants are responsible for informing their management team or Human Resources of the need for accommodation. If you need accommodation for a disability in order to perform the essential functions of your position, contact your supervisor and your local Human Resources department for assistance. The Human Resources department will work with you to determine potential reasonable accommodations if doing so will enable you to perform the essential functions of your position, unless doing so would result in an undue hardship on the Company. Business necessity, operational considerations, work rules and co-worker impact may be considered in determining the nature of any accommodation to be made. Employees and applicants should not be placed in positions where, with or without reasonable accommodation, there would exist a direct threat to the safety or health of themselves or others.

COMPLAINT PROCEDURE

An individual who believes he/she has been subjected to, or is aware of, unlawful discrimination, harassment or retaliation should immediately bring their concerns to:

- His/her supervisor or manager;
- Local Human Resources Department; or
- The VZ Compliance Guideline at 844-894-8433 or online at www.verizonguideline.com for Verizon employees/applicants

Complaints will be treated in a confidential manner and information will only be shared on a need-to-know basis. All complaints will be properly investigated. Any unlawful acts of discrimination, harassment or retaliation will be addressed and remedied in an appropriate manner up to and including termination of employment.

Complaints received from an external governmental agency must be immediately submitted to the appropriate Human Resources group for proper handling and response.

Lowell McAdam
Chairman and Chief Executive Officer

Disclaimer Statement

This policy is not a contract of employment or a legal document between you and the Verizon company that employs you, or Verizon Communications Inc. or any of its subsidiaries. Thus, it must not be construed as a guarantee of employment or a promise regarding the terms and conditions of employment, either express or implied.

This policy may be changed by the Company at any time without notice. Employment with Verizon is "at will," which means that you or Verizon may terminate your employment, at any time, with or without cause, with or without notice, for any reason not prohibited by law, unless governed by a collective bargaining agreement or specific contract of employment. This at will employment relationship may not be modified except in a written agreement signed by the employee and an authorized representative of Verizon.
